8. What is an easy way to make a SI?

1. Part One: Power Hour (PH)

Everyone loves it when that little message pops up on the top of your screen "The gods have increased all experience gained." A Power Hour is an hour long boost to everyone's experience by 50%!

But what does it really take to make this amazing thing happen? I am here to let you in on the secret that most PH sellers don't want you to know: How to make your own and save yourself some tokens or gold. A PH on H goes for on average 15 tokens or 500k, and on L they go for 25 tokens or 1mil!

But where do I go to make a PH? What does it take to make a PH? And what is an easy way to make a PH?

2. Where do I go to make a PH?

Teylan. You must have the *Talazaar's Revenge* expansion to reach this town. Teylan is located between Farstead Keep and Valmond. To get to Teylan, follow the roads North from the Valmond. When the road forks into a path West, follow the road west; Welcome to Teylan! The Altar of Offering is located south of the entrance to town.

3. What does it take to make a PH?

To make a PH you must offer a sacrifice to the gods at the Altar of Offering. This requires either 5 million gold or items worth 1 million in gold. Gold offerings must be above 3k at one time or the gods will be offended and lightning strike you to a lower hp and you will have to wait a few moments to make another offering. Item offerings must be over 3k worth in gold or the same thing will happen.

To donate, click on the Altar then click on the gold or item.

As you add gold/items to the Altar, it begins to glow. The more you add, the more brightly it glows. You can tell by the message about how much has been added.

4. What is an easy way to make a PH?

An easy way to make a PH is to just collect your drops when hunting instead of selling them off to the store. Or, you can craft a PH with tradeskills. I have found the easiest way is to tailor a PH. This requires:

- Level 20 in the Foraging skill to get Malacinch Seeds
- Level 20 in Planting to plant Malacinch Seeds for Malacinch Flax
- Spinning Flax into Twine and and weaving Twine into Malacinch Fabric (There is no level requirement for spinning/weaving malacinch but how successful you'll be is based on your level and Dexterity)
- Level 43 Sewing. At 43 Sewing you will be able to make Mystic Robes. It takes 96 Mystic Robes to make one PH. This can be broken down into 768 Malacinch Fabrics and approximately 120 Malacinch Seeds.

5. Part Two: Spawn Increase (SI)

For some people, this message isn't the best to see, but others rejoice when "The Chaos gods have increased the spawn rate." The Spawn Increase changes the spawn rate of monsters by +%50 for one hour.

6. Where do I go to make a SI?

Maroven. To make a SI you must have the Talazaar's Revenge expansion to reach this town. Meroven is located North-West of Farstead Keep. To get to Maroven you must have completed the quest in Valmond given by Councilor Draneth (this quest involves killing 100 Reavers and 100 Shadow Priests). Or, you can always have someone let you in the door.

The road to Maroven is filled with Mature Wyrrens, Wyvern Nestlings, and Frost Giants so if you are a lower lvl player I'd suggest having an escort and deer speed. Just follow the road West across the bridge with Forsaken Guards, and when the road forks go South; Welcome to Maroven! The Altar of Sacrifice is located in the far southeast corner of town.

7. What does it take to make a SI?

To make a spawn increase it costs 2.5 million gold or items worth 500,000 in gold (half of what it takes to make a power hour). To donate, click on the Altar then click on the gold or item you want to donate.

8. What is an easy way to make a SI?

Like with Power Hours, an easy way to make a SI is to just collect your drops when hunting instead of selling them off to the store. Or, you can craft a SI with tradeskills. I have found the easiest way is to tailor a SI. This requires:

- Level 20 in the Foraging skill to get Malacinch Seeds
- Level 20 in Planting to plant Malacinch Seeds for Malacinch Flax
- Spinning Flax into Twine and and weaving Twine into Malacinch Fabric (There is no level requirement for spinning/weaving malacinch but how successful you'll be is based on your level and Dexterity)
- Level 43 Sewing. At 43 Sewing you will be able to make Mystic Robes. It takes 96 Mystic Robes to make one PH. This can be broken down into 768 Malacinch Fabrics and approximately 120 Malacinch Seeds.

About Brevelan Rosedale

I started as Brevelan on Heroes server in July 2008. In Febuary 2009 I switched over to Legends server and did a name change to Brevelan Rosedale. I trade skill mostly and almost all the time you will find me in my favorite town Teylan <3! I adopted Teylan not only because it has the Altar of Offering but also because it's tucked away and I can skill in peace. On the H server I have a house right outside of Teylan.

Favorite skill: Runecrafting

Favorite mob: Liches

*A shout out to all my friends on H server but especially Arwen, Maverick, and Erudite: I miss you all!
Also a shout out for the man that got me into AE, Bofur. I love you!*
